

UPDATE

December 2006

Public Water Supply District No. 9
391 N Rangeline Road
Columbia, MO 65201
(573) 474-9521 or (573) 474-9522 (after hours emergency #)
web site: <http://www.pwsd9.com>

)) Water Usage Rate Increase

Effective with your January 1, 2007 bill the water rate will increase from \$3.20 to \$3.25 per 1000 gallons. This will reflect on your January usage bill, which should be to you around February 1, 2007. The District, in trying to keep costs down, has annually reviewed income and costs. The additional revenue will be used to fund increasing operating costs and needed improvements.

)) Radionuclide Update

The District has been granted a Variance from the Missouri Department of Natural Resources. We are continuing to work closely with the DNR to resolve the issue with the Radionuclide exceedance at Harg Well. We are on schedule with our Variance requirements. In keeping with our goal to alleviate any concerns we are continuing to operate Harg well at a minimum. This means running it periodically to keep it in good working order until the problem is corrected. Please review a copy of the Variance Notice at our web site (<http://www.pwsd9.com>) or call if you have any concerns regarding this matter.

)) Other Items of Interest

The new Millersburg tower is completed and ready to be filled and put in service after some minor corrections are completed.

At your convenience, please investigate our **web site** @ www.pwsd9.com where you will find many avenues of interest.

The District is a member of **MO ONE CALL**. For location of facilities call **800-344-7483**.
