

# UPDATE MAY 2009

## BASE RATE INCREASE

The monthly base rate or availability charge will be \$10.00 effective June 1, 2009. This \$2.00 increase will be on the July billing statement. The District made this change after no increase last year and several months review of the revenues and the increases it has experienced in utilities and other expenses since the first of the year. Some of these expenses include District facilities and equipment maintenance and replacement along with the completion of the building replacement for the Harg well, now that the radionuclide violation has been corrected. It was decided that along with reducing and/or eliminating some planned projects and purchases this was the most economical and manageable increase for our customers since it is a flat rate and not tied to the usage rate that often fluctuates. The total increase per service for the remainder of 2009 will be \$10.00. The total for a twelve month period will be \$24.00 total increase per service.

## ON-LINE BILL PAY

This free service is now available on the  
PWSD #9 website  
[www.pwsd9.com](http://www.pwsd9.com)

Select the "Pay Online" button.

Please be aware there is a delay of  
approximately 3 business days for credit  
to your PWSD #9 account when using  
this method of payment.

## ???Did You Know???

\*\*The original reason for building many  
community water systems in North  
America wasn't to deliver safe drinking  
water — it was to fight fires!

\*\*Only 3% of the tap water we use on a  
typical day is used for drinking. Most of  
the rest goes for outdoor watering, bath-  
room uses, and clothes and dish washing.

## **Board of Directors Meetings**
